Welcome to the Evergreen Squash Club Ladder!

Add this page to your bookmarks to skip the Quick-Draws Home Page.

Click on Member Login and follow the screen instructions to obtain your password.

Please select a function from the menu on your left to perform one of these actions:

1. Players can login and enter or modify match results up to 4 days in the past. if you do not yet have a password, or have forgotten your password, you can have a new password emailed to you. After you have logged in, you can also edit your profile and change your password.
2. Club Reps can login and enter or modify match results. Club Reps can also add new players to the data data base.
3. And, of course, you can display your ladder!

At the moment we maintain a singles ladder with GigaSports. Quick-Draws provides the service for our DOUBLES LADDER. Clicking on DOUBLES LADDER will display our doubles ranking. There is no distinction for gender, age, or wall.

To enter results you must login in.

See above for directions to obtain a password for login.

Quick-Draws was provided a list of players (not the entire club roster) along with email addresses. When you request a password the system checks that you are on the list and the email address you provide matches Quick-Draws records. If the request fails you may not be on the list or the email address on file is not a match. If your request is rejected and if you have multiple email addresses, try one of your other email addresses. If all fails, contact Evergreen's doubles director. At this writing that is TIM MARTIN.

MEMBER LOGIN brings up this page:

The image shows a user interface with a grey background. At the top, there are three empty white rectangular boxes, likely for entering names. Below these boxes, centered, are two buttons: "Save Match" and "Cancel and Exit".

Be careful, you have to click on the names you wish to enter.
Also be careful to choose the correct button to indicate your loss or victory.

A confirmation email will be sent to all participants within Quick-Draws records.

That's it.
